CONSULTING SERVICES

Most large events, especially weddings, will incur a Consulting Charge that covers time, energy and expertise reviewing details and putting together a cohesive & custom service plan.

Events, such as weddings, with intricate timelines, multiple caterers/vendors, and rental management all need extra time and attention to ensure a seamless collaboration.

All consulting charges include at least (1) in person walk through at the venue.

During our initial conversations we will review the needs of your event and assess appropriate Consulting Charges.

Consulting Charges range from \$500 - \$1500+ and are based on the specific needs of the event.

FAQ'S

What does your team wear?

Our team wears a professional, all-black uniform, including a black branded polo. If you would prefer for our team to wear something other than the standard uniform, we have more formal options as well.

While Host a Toast is not a traditional rental company, we do have some items in our inventory that are helpful for service. Items such as trays, pitchers, assorted service & display-wares etc. We are also able to source linens, plates, flatware, glassware etc. from our preferred rental partners and provide delivery.

Items sub-sourced and managed by HaT will incur a 20% markup and applicable delivery charges.
